

The AeroGear™ Asthma Action Kit

Except for their asthma, your patients are like most other active people: They want to enjoy active lives.

Convenience to the care and monitoring process.

The **AeroGear™** Asthma Action Kit makes it easy for patients to monitor their condition without interruption, no matter where they are, wherever their jobs or lifestyles take them.

Cooperative patients, who actively participate in managing their disease, can save time and health care costs with the **AeroGear™** Asthma Action Kit through fewer emergency visits, reduced hospital admissions and fewer follow-up visits.

For more information and a demonstration of the **AeroGear™** Asthma Action Kit, contact your Monaghan Medical sales representative, your Monaghan hospital dealer or call Monaghan Medical Customer Service at **800-833-9653**.

Wallet-sized Asthma Action Plan card allows physicians to provide instructions on what actions patients should take, based on peak flows or symptoms.

Familiar fashion accessory makes it easy for everyone—especially active youngsters—to keep their asthma management tools together and accessible at all times.

Patient education materials include helpful instructional information.

Reply card lets patients order free instructional video.

Transparent Color Zone® Tape for asthma management makes it easy to see yellow indicator and monitor lung function.

Ideally sized for clinical effectiveness and convenience.

With its unique logarithmic scale and Color Zone® Tape system, TruZone® Peak Flow Meter (PFM) acts as an early warning system.
