Doc Monaghan® Educational Program

Martin, a young boy who has recently been diagnosed with asthma, learns from a colorful and slightly clumsy character who pops out of his T.V. and knows all about him!

As the viewer watches the program they discover everything about asthma, why it occurs and how they can live with it successfully.

The **Doc Monaghan®** Educational Program includes a video, a coloring book, children's storybook and parents guide. All part of the **AeroBear®** Educational series.
